Personalized treatment tailored with each client in mind

Pure Harmony Med Spa in Jacksonville Beach specializes in helping patients achieve their beauty goals by listening to their concerns and evaluating the results they are searching for.

"In doing this, we can find the best individualized combination of solutions for you," Dr. Bryce Tiller said. "Often, if we do not feel good about the way we look, then it tends to affect other parts of our life, such as, work, relationships, personal health, etc."

Providing patients with an added boost of confidence is the primary benefit Pure Harmony hopes to provide.

One of the things that Dr. Tiller prides himself in is the understanding that every patient is looking for something a little different when they walk through the med spa's doors.

"We want you to be confident in how you look," Tiller said. "Everyone is different in this respect. It may be that wrinkles around the eyes may not bother you, then injecting around the eyes will not be in your treatment plan. We do not push any treatments on clients, instead we offer solutions that work for you."

These personalized treatment plans are tailored with the client in mind and the outcome they are looking for within their budget.

"If you want to look and feel better about yourself, then we can help you," Tiller said.

According to Tiller, the primary mission of Pure Harmony is to offer people the option to age on their own terms.

Personalized treatment plans are offered with the goals of each specific patient in mind.

A plan is plotted out for each customer who walks through their doors, with each plan tailored to that specif-

ic person's wants and needs.

"You and your time are important to us," Tiller said.
"That is why we employ techniques that use minimal downtime for maximum results. Some of those results are immediate and some take time to get where you want to be."

Tiller has been practicing medicine for more than 20 years. He opened the spa in 2020 but was able to find success despite being amid the COVID-19 pandemic.

"We thrived because we were determined to bring our personalized brand of care to you," Tiller said. We offer personalized treatment plans tailored to meet your goals, because you and your time are important to us."

Certain techniques are in place with the goal of using minimal downtime for maximum results.

"Some of those results are immediate and some take time to get where you want to be," Tiller said. "We employ medicine, medical devices and procedures to get the results you want."

Tiller is a board-certified physician who trained at the University of California-San Francisco and has been

involved in aesthetic medicine for more than a decade and continues to train with top institutions to stay up to date with the latest advances in the field.

He has developed a multi-model approach to achieving a patient's goals, which is the end goal for every doctor at the end of the day.

"I travel the county to train with other professionals on how to achieve excellent results using PDO threads filler and biogel," Tiller said. "I have also implemented the amazing EMsculpt Neo and EMsella into our spa. These devices truly render amazing results with treatments of body fat reduction, muscle gain, incontinence, and erectile dysfunction."

Tiller was named Northeast Florida ambassador when it comes to teaching EMsculpt to other providers by instructing them how to properly use specific EMsculpt devices.

"I am devoted to helping you achieve your personal aesthetic goals through a personalized treatment plan," Tiller said.

Although there are several products and procedures that Tiller believes highly in, he also understands that it is all about finding which ones are best to a achieve a specific person's goals.

"It takes experience to know what treatments are best for each situation," Tiller said. "There is no one size fits all process that works for everyone. We are humans and we are all different. Truly, the best outcomes are when we use fillers, biogel, PDO threads, platelet rich plasma, plasma pen or a high intensity-focused ultrasound treatment."

A variety of service lines are offered to make sure that a client's individualized plan is attainable and properly achieved.

In case you missed it: Foodie shows you may not have considered

Anyone with a television and internet connection knows the library of culinary programming keeps growing and growing. And that means more foodie content for you.

A great example of that is Magnolia Network's "Recipe Lost and Found," which began streaming recently on discovery+. Here, classically trained chef and food anthropologist Casey Corn delves into the stories and cultures of different families and recreates their lost recipes, thus revealing how food connects us to our past, why we cook the way we do and why we eat the things we eat.

Also a recent addition to the Food Network lineup is "It's CompliPlated," airing Thursdays (and streaming on discovery+). Hosted by vegan foodie and bestselling author Tabitha Brown, the hourlong competition series challenges chefs to create dishes to satisfy a panel of uberpicky judges. The series is aimed at home cooks who want to create delicious meals while also accommodating the various diets, food allergies and personal tastes in their group.

On a much less serious note is "Hotties," premiering Tuesday, Aug. 16, on Hulu. Hosted by comedian Jade Catta-Preta, this 30-minute competition series is set in food trucks in the desert and challenges two pairs of blind dates to create date-night-worthy meals while also being tasked with downing

extremely spicy foods. The goal? To advance the dating process and win a cash prize.

Speaking of money, that is a prime factor in the competition on "Big Bad Budget Battle" Tuesdays on Food Network. In each episode of the hourlong series, host Ree Drummond ("The Pioneer Woman") challenges chefs to shop on a limited budget for ingredients from which they will create delicious yet inexpensive dishes, which will be evaluated by a rotating panel of judges that include Damaris Phillips, Darnell Ferguson, Eddie Jackson, Beau MacMillan, Catherine McCord and Justin Warner.

Over on Fox on Monday, Aug. 15, is the first season finale of the food and travel series "World of Flavor With Big Moe Cason," which finds the champion pitmaster traveling the globe, seeking new cultures and creating meals that make the locals proud. This episode places him in the Bahamas, where he dives for conch, chases after crabs on land, sources local cedar wood and creates a barbecue feast using Bahamian techniques and recipes.

For dessert, there is "Great Chocolate Showdown," now in its third season Thursdays on The CW. While no episodic information was yet available on this week's show, we're confident that whatever the chefs make will be delicious. We'll just have to be satisfied to live vicariously through judges Anna Olson, Steven Hodge and Cynthia Stroud as they evaluate the creations.

"Movie: When Icarus Fell"

"Movie: Raging Bull"

Robert De Niro took home his second Oscar for his portrayal of boxer Jake La Motta in Martin Scorsese's 1980 masterpiece — a disturbing but riveting portrait of a man whose violent tendencies took him far in the ring but proved to be his undoing in his personal life. The excellent supporting cast includes Cathy Moriarty, Joe Pesci, Theresa Saldana and Nicholas Colasanto ("Cheers").

"She Hulk: Attorney at Law: **Season 1" (Aug. 17)**

From Marvel Studios comes this comedy series that stars Tatiana Maslany as She-Hulk/Jennifer Walters, a lawyer who specializes in superhuman-oriented legal cases, as she navigates the complicated life of a single, 30-something attorney who also happens to be a green 6-foot-7inch hulk. Mark Ruffalo, Tim Roth and Benedict Wong also star. (ORIGINAL)

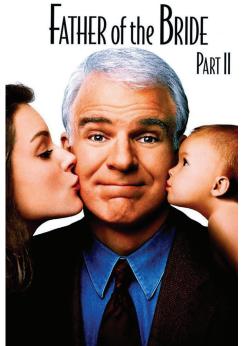

"Beauty and the Beast" (Aug. 19)

Director Bill Condon's 2017 live-action adaptation of the Oscar-winning animated 1991 Walt Disney fairy-tale classic is far more than a rote makeover but a visually stunning and well-acted triumph in its own right. Emma Watson and Dan Stevens capably take over the lead roles of smart, feisty Belle and the cursed Beast she rescues. Kevin Kline, Ewan McGregor, Ian McKellen and Emma Thompson also star.

"Lightyear" (Available now)

Angus MacLane ("Finding Dory") directed this 2022 computer-animated spinoff of the "Toy Story" film franchise that tells the story of young astronaut Buzz Lightyear (voice of Chris Evans), who, after being marooned on a hostile planet, tries to find a way back home while confronting a threat to the universe's safety. Keke Palmer, Peter Sohn and Taika Waititi are also in the voice cast.

"Father of the Bride Part II" (Available now)

In this comic sequel, Steve Martin recreates his role as father of the bride, but this time his nutty angst is brought on by his beloved daughter's (Kimberly Williams) announcement that she is pregnant. With thoughts of becoming a grandfather on his mind, he struggles to come to terms with getting older. Diane Keaton and Martin Short also reprise their roles.
