say about us...*

Two of my friends recommended Creeks to me and I'm so glad they did. The estimator was friendly, open and honest and gave several options and the installers were courteous, on time and cleaned up the working area. Plus, the system works great. No one likes to have to buy a new AC in the middle of summer, but their price was fair and the work was good. Highly recommend! - Renay T.

From the moment you reach out to Creeks Air Conditioning and Heating you will recognize their professionalism and commitment to service are superior in the industry. The polite voice answering your call will reassure and work proficiently to accommodate answering your questions while placing your needs as their priority. From sales to installation, the representatives of Creeks Air Conditioning and Heating demonstrate their excellence in every aspect of their profession. I have called upon them on two separate occasions in two different homes (never the same unit) over the past 15 years and will continue to use them if I need HVAC repair or replacement. - DC Junior
